🎓 EDUCATION

Software Engineer,
Universidad Católica del Norte
Mar 2013 - Mar 2019 | Coquimbo, Chile

💼 PROFESSIONAL EXPERIENCE

Senior Frontend Developer, Amipass
Jul 2025 - Present | Santiago, Chile
- Architecting and developing multi-platform mobile application from scratch using **Expo** and **React Native**
- Implementing modern React patterns and **TypeScript** for type-safe, maintainable codebase
- Leading technical decisions on state management, navigation architecture, and component design
- Collaborating with cross-functional teams (Product, UX, Backend) to deliver user-centric features

Mobile Analyst, Perficient
Nov 2023 - May 2025 | Santiago, Chile
- **Improved app performance by 10%** through optimization of rendering cycles, lazy loading, and efficient data fetching strategies
- Developed and maintained **enterprise-grade cross-platform applications** using React Native and TypeScript
- **Implemented offline-first architecture**, enabling full app functionality in low-connectivity scenarios, improving accessibility for 30%+ of users in zones with bad connectivity

Core
- React Native
- TypeScript
- Mobile Application Development
- JavaScript
- React
- Expo
- Redux
- React Hooks
- Expo router
- Deeplinking

Analytics
- Firebase Crashlytics
- Sentry

State Managment & Data
- Redux Persist
- Redux
- Redux Toolkit
- React Query
- Context API
- State Management
- REST APIs
- GraphQL
- BFF (Node/NestJS)

Testing & Quality
- Jest
- React Testing Library
- Unit Testing

CI
- Git
- GitHub

Methodologies
- Agile Methodologies
- Scrum
- Kanban

English   ●●●○○

Spanish   ●●●●●

- Published **multiple production releases** to App Store and Google Play following platform guidelines and best practices
- Collaborated with international product and UX teams to enhance user experience based on analytics and feedback

Web UI Developer, Globant
Dec 2021 – Nov 2023 | Santiago, Chile
- **Boosted NFL mobile app performance by 20%** by replacing FlatList with **FlashList** and implementing **React Query** for optimized data management and caching
- Translated complex business requirements into **scalable, accessible, and reusable UI components** following design system guidelines
- Collaborated with distributed international teams across multiple time zones

Mobile Developer, Boosmap
Feb 2021 – Oct 2021 | Santiago, Chile
- Developed complete **delivery management application** from concept to production using React Native, TypeScript, and Redux
- **Successfully launched app** on both **App Store** and **Google Play Store**
- Implemented **real-time order tracking** with map integration and **push notifications** using Firebase

Mobile Developer,
Universidad Católica del Norte
Dec 2019 – Jan 2021
- Assisted in mobile app development using **React Native.**
- Built reusable components and collaborated with agile teams.
